# Collaborating Research Infrastructures

- Motivation
  - Reduced duplication of effort
  - Reduced research cost
  - Ability to respond to global challenges
- European Open Science Cloud (EOSC)
  - Science Clusters

# Challenges for AAI

- Resources Sharing
  - How to distinguish between shared and exclusive resources?
- User Lifecycle
  - How to handle memberships and the registration workflow?
- User Experience
  - How to sustain UX despite an increasing number of parties involved?

# Hierarchical Organizations

# Hierarchical Organizations

- Benefits
  - Resources Sharing
  - Maximized Automation
  - Configurable User Lifecycle
  - User Friendly

# Thank you for your attention
